

SPLENDID VENICE

VENEZIA

All the magic of Venice

Just a few steps from some of the world's greatest sights, the Splendid Venice is a charming luxury hotel, as elegant as Venice itself. In the sixteenth century, it was an inn; today, it is a residence of rare refinement overlooking the canals and the Mercerie, the age-old streets, or calli, that link Piazza San Marco and the Rialto bridge.

The sun sets on the Bridge of Sighs / the Ponte dei Sospiri. The gondolas glide by at the window. The old cafés in St Mark's Square / Piazza San Marco fill with life. A stay at the Splendid Venice offers this and so much more, with an atmosphere as intimate as a stately home, with spaces created for conversation, relaxation and contemplating Venice in all its splendor.

Location

Hotel Splendid Venice stands in the heart of Venice near the city's main landmarks and many hidden gems.

The private mooring for boats, a real "water entrance" on Rio dei Baretteri, is within walking distance – or a short gondola ride – of the city's most impressive destinations, such as St Mark's Square and the Rialto Bridge.

This sublime setting, immersed in the peace of the calli and canals, offers guests a rare privilege: the frisson of discovering all the real beauty of Venice, beyond the clichés and away from thronging crowds.
